

The run started and finished at Bonanza in Marquette and wound through the streets in Trowbridge Park. Bands of intermittent showers didn't dampen the spirits of the seven UPRRC members that toed the line to run the 5K. Despite temperatures in the low 40's and wind and occasional downpours, no one elected to shorten the distance and run the 1.5 mile course.

Nick Roberts and Casey L'Huillier were the early pace setters and they finished 1-2. The out and back section of Commerce Drive provided an opportunity for all the runners to greet each other with encouraging words. Jesse Haavisto and Andy DeHate also braved the elements to obtain times and places.
