

**6TH ANNUAL ECO-MILE, 4TH ANNUAL ECO-QUARTER, and INAUGURAL ECO-HALF
August 1-31, 2013**

August must be the busiest month of the year. Although in its sixth year, the Eco-Races do not seem to have caught on with the running community. Or perhaps it is the lack of trinkets that keeps the interest low. With no entry fee, finances should not have been a discouragement for entering. Whatever the reason, the number of entrants has not increased substantially from the first running. Adding the Eco-Half this year only garnered one entrant, that was Kevin Holmes, who has run every year, mostly in Rockford, MI and this year in Marquette after moving here earlier in the year. Maybe too many people are just intimidated by the track, or really don't want to take up the challenge.
